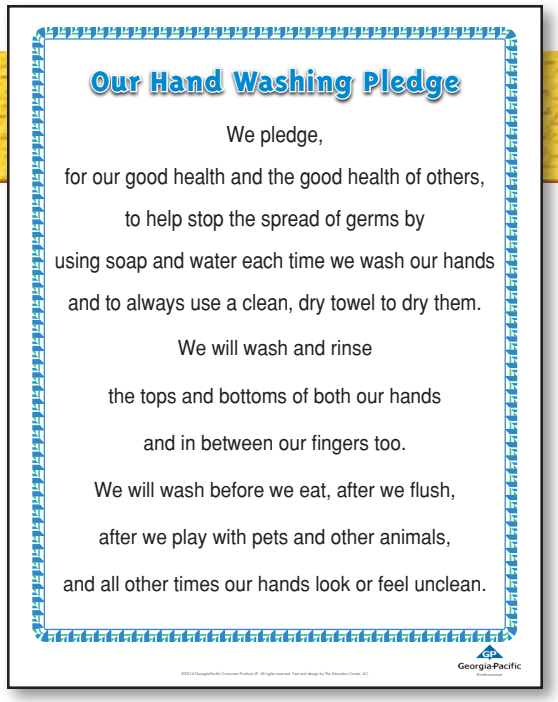
Hand Washing Pledge

Help students develop responsible hand washing habits! Customize the two-part hand washing pledge to best suit the needs of your students. For older students, use the one-page pledge. For younger students, use both pages of the pledge together to reinforce proper hand washing technique. Introduce the pledge and then use one of the following options to display it in your classroom. Ask a classroom helper to read the pledge as part of your daily morning routine, or lead younger students in reciting the pledge each day.

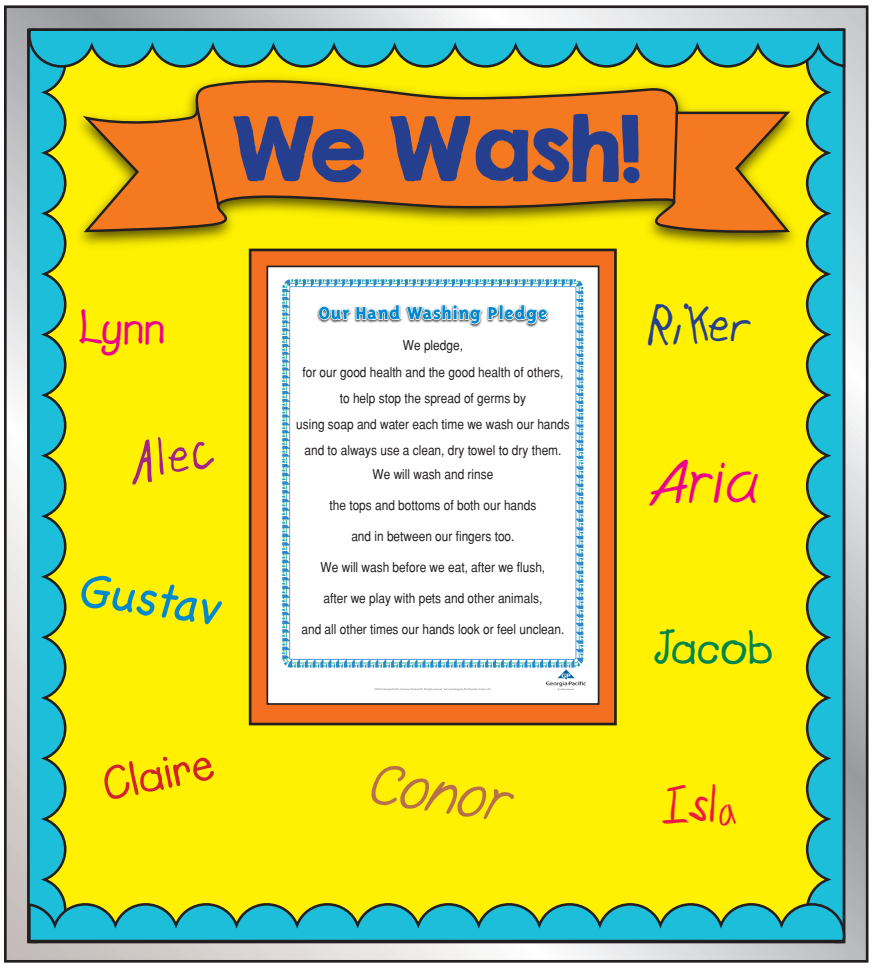


Our Hand Washing Pledge

We pledge,
for our good health and the good health of others,
to help stop the spread of germs by
using soap and water each time we wash our hands
and to always use a clean, dry towel to dry them.
We will wash and rinse
the tops and bottoms of both our hands
and in between our fingers too.
We will wash before we eat, after we flush,
after we play with pets and other animals,
and all other times our hands look or feel unclean.

Georgia-Pacific Professional

Display Option One:



Materials:

brightly colored bulletin board paper
title banner
hand washing pledge
watercolor markers

Steps:

1. Cover a bulletin board or wall space with the bulletin board paper.
2. Post the title banner and the pledge.
3. Have each student use a colorful marker to sign the display.

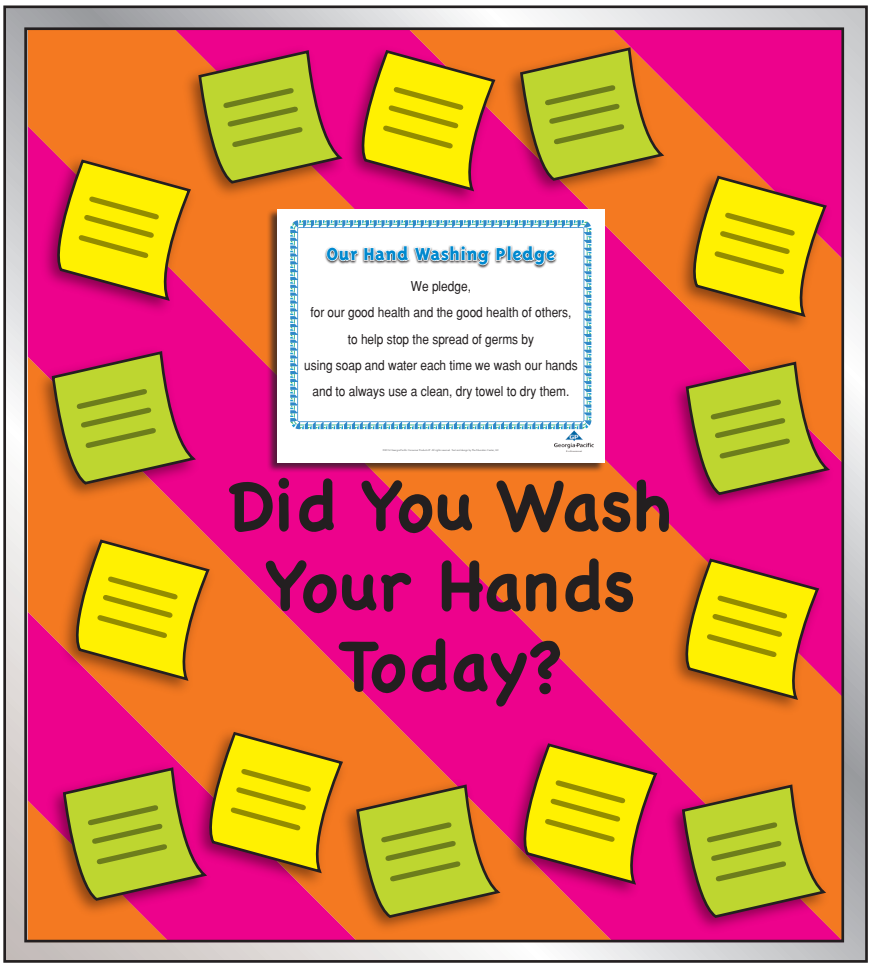
Display Option Two:

Materials:

soap dispenser and water droplet cutouts
title
hand washing pledge
copies of the germ buster pattern (one per student)

Steps:

1. Mount the words, cutouts, and pledge.
2. Hand out the germ buster patterns. Instruct each student to color the border and diagonal stripe red, draw a colorful germ inside the circle, and cut out the pattern.
3. Showcase the students' work around the perimeter of the display.



Display Option Three:

Materials:

two or more neon colors of paper
hand washing pledge
sticky notes (one per student)
title

Steps:

1. Cover a bulletin board or wall space with the neon paper.
2. Post the hand washing pledge and title.
3. Have each student write a hand washing tip or statistic on a sticky note and attach it to the display.
