

# Ant Farm Areas

Color each ant colony.  
Use the chart to help you.

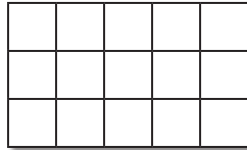

Color	Area
yellow	16 sq. units
purple	15 sq. units
brown	8 sq. units
green	20 sq. units
blue	6 sq. units
red	13 sq. units
orange	10 sq. units
black	9 sq. units

*Ants are small insects that live in communities called colonies. Each ant has a special job in its colony. All worker ants are females, and some become queens.*

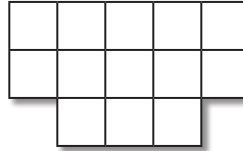

# Ant Farm Areas
