Choose one of the research questions. Circle it. Then write three more questions you can use to guide your research. (Think about the five Ws.) Record details that answer each question in the rows below.

Record each source you use to find your answers.

Why was the Constitution written?

How can a person from another country become a US citizen?

Who was more important to getting the Constitution written—Benjamin Franklin or George Washington?

My questions about the question:	①	②	③
	①		
	②		
Answering details	③		
Using your notes, write a short article that answers your research question. Give your article an attention-getting headline.
