All About Acorns

© Can Stock Photo Inc. / Antonio

Did you know? Acorns grow in clusters. There can be up to five acorns per clump! The acorn is shaped like a bowl with a cap. The cap has thin, hairy scales.

Domtar

Paper is 100 percent recyclable. In fact, it's one of the most recycled products on Earth! No paper ever needs to end up in a landfill.

Complete the chart.

Problem	Explain with words.	Draw the clusters. Find the total.	Solve.
A. 6×3	_____ groups of _____ acorns		$6 \times 3 =$ _____
B. 7×2	_____ groups of _____ acorns		$7 \times 2 =$ _____
C. 5×2	_____ groups of _____ acorns		$5 \times 2 =$ _____
D. 4×3	_____ groups of _____ acorns		$4 \times 3 =$ _____
E. 3×5	_____ groups of _____ acorns		$3 \times 5 =$ _____
F. 6×4	_____ groups of _____ acorns		$6 \times 4 =$ _____
