"We are immensely pleased with the programs from Essential Skills. This is the best purchase of educational software that we have made!"

—Barbara Lankford, Andalusia, AL

BONUS!

8 Great Ways to Help a Struggling Student

Before you can help your child overcome the struggles you face to know what he is struggling with, however, you need to understand the reasons for the struggles, including:

- A change in family dynamics
- Learning in the shadow of a family member
- Difficulty with reading
- Lack of motivation or purpose
- Development of a learning disability

If you face one of these problems, you can help your child by:

- Working with your child on what he is struggling with
- Encouraging your child to ask for help
- Encouraging your child to ask for help

When you enter the Learning at Home sweepstakes, you get access to a FREE parent guide, **8 Great Ways to Help a Struggling Student**. Share this guide with parents, and you'll earn a bonus entry in our sweepstakes for each person you share with!
